

## Becoming a Decider

# Reward Sort

Cut out the options below. Decide whether each one is connected with an immediate reward or an ultimate reward, and then glue it into the correct box.

### Immediate Reward

### Ultimate Reward

■ You eat all of your Halloween candy as soon as you're finished trick-or-treating

■ You use your finger to sneak a lick of frosting when you see the birthday cake on the table.

■ You save your chores money for fives months in order to buy a new video game.

■ You practice free-throws every day (even when it gets boring) in order to get better at basketball.

■ You study for tomorrow's spelling test instead of watching your favorite TV show after dinner.

■ You decide to take a short break from a frustrating game instead of cheating to get points.
