

# Thinking Tool

## COLOURS, SYMBOLS, PICTURES, ANIMALS

After reading chosen material, listening to a talk or watching a video, individually, in small groups or as a class, identify ideas or aspects that were:

- Interesting
- Important
- Puzzling

Selecting one idea/aspect at a time, think of:

- A **colour** that gives the feel of it and describes the mood
- A **symbol** such as a line, circle, cross, which characterises it
- A **picture** such as a bridge, landscape, planet, which embraces the whole idea/aspect
- If the idea/aspect was an **animal**, what would it be?

Discuss the ideas/aspects of each group or individual with the class.
