

## GOLF THINKING

This thinking strategy is similar to KWHL and provides another approach for you to investigate topics and issues.

GOLF Thinking stands for:

- **G** - **Go** for it. What are you asked to investigate or find?
- **O** - **Organise** yourself. What information do you need to find and how will you find it?
- **L** - **Linking** it together. What strategies are you going to use to make sense of what you have found and what skills you need to develop?
- **F** - **Finish off**. Reflect on how well you have covered the topic; are your conclusions or solutions reasonable?

In the sections for **GOLF** write down what you will do and how you will do it.

**GOLF** - What are you asked to investigate? Describe what it means to you in your own words. Who can help you?

**GOLF** - What information do you need to find, where will you find it and how will you know it's reliable? Who can help you?

**GOLF** - How are you going to link together what you have found? What strategies/methods are you going to use and what do you need to learn? Who can help you?

**GOLF** - Think about how well you have covered the topic and are your conclusions or solutions reasonable? Who can help you?
