

LEADERSHIP FOR RELATIONSHIPS WEEK

Everyone has something special inside them to share with others to enjoy also. When you are brave and share your best to make others' lives better, you are showing leadership. Always lookout for opportunities to show leadership.

This week make a Leadership Wall in your classroom for your class to write down or draw times when they showed leadership to make others' lives better. Make a Leadership Wall at home for your family to write down or draw times you show leadership this week.

This Week's Leadership Gratuities: This week write down or draw times you showed leadership at school, at home or with friends that you are grateful for.
