MOTTOS

Look at any motto such as your School Motto. Think about what it means to you and write it in the **Meaning** section.

- Think about what actions you have to do to live up to the motto and enter them in the **Actions** section.
- Think about how you are going to build these actions in habits you do easily and often. Enter them in the **How** section.
- In threes, reflect on and discuss what each of you have entered to come up with a combined view for each of the sections.

If you choose your School Motto, this would be an excellent activity for every student in the school to do.

Nearly every business and organisation has a motto; wonder if they ever discuss what they have to do on a daily basis to live up to it.
